

# **Lutheran Lakeside Camp Philosophy 1960**

Lutheran Lakeside Camp is the property and concern of the Iowa Synod of the United Lutheran Church in America. Through its nature setting and the style and intensity of its program this camp intends to help each camper, whatever his age, to respond and witness more faithfully and adequately to the Word of God. In order to achieve that objective the Lutheran Lakeside Camp Program is focused on the following aspects of Christian Life:

1. Quickening and deepening Christian commitment.
2. Giving a sense of Christian vocation and providing direction for the choice of a vocation.
3. Developing potentialities for Christian leadership.
4. Providing opportunities for intimate contacts with Christian leaders and opportunities for personal counseling with them.
5. Providing for experience in co-operative Christian living.
6. Broadening the conception of Christian community and widening participation in it.
7. Interpreting the religious values of God's total creation.
